Hi Bob,

It sounds as though a response to comments addendum will suffice and we shouldn't need a revised 5YR. Thanks for your patience!

Will mark September 9th for the meeting, looking forward to it.

Best,

Sharon

Hi Bob,

We're checking with HQ now to make sure we can go with an addendum. I will get back to you when I hear from them.

I just wanted to check on the date of the next CAC meeting; is it set for September 7th?

Thanks,

Sharon

Sharon or Doug,

Please see August 6th email below and let me know how you want to proceed.

Thanks Bob

Sharon,

I didn't see your response on this.

Regards, Bob

Thanks Sharon.

For the last two Five Year Reviews, at the recommendation of EPA we prepared an Addendum to each review that addressed all regulatory comments. However, we did not change the Reports that were originally submitted to the regulators. Do you want us to use the same process for this Report? Then the Report dated June 1, 2021 (submitted to the regulators June 8, 2021) will not change. Or should we be revising the June 1st Report to incorporate comments?

FYI, attached is the Addendum that was issued for the 2016 Five Year Review.

Thanks Bob

Subject: Five-Year Review Letter - EPA

Dear Mr. Gordon,

Please find attached EPA's letter regarding the BNL 5 Year Review Report. Please feel free to forward to anyone on your teams I may have missed. A note that Doug Garbarini was acting for Pat Evangelista today, hence the signature block difference.

Have a great weekend,

Sharon
